A rounded rectangular box containing a pattern on the left and a dotted grid on the right. The pattern consists of two horizontal lines (top blue, bottom red) and two vertical lines (left green, right orange). A red arrow points from the pattern to the grid.

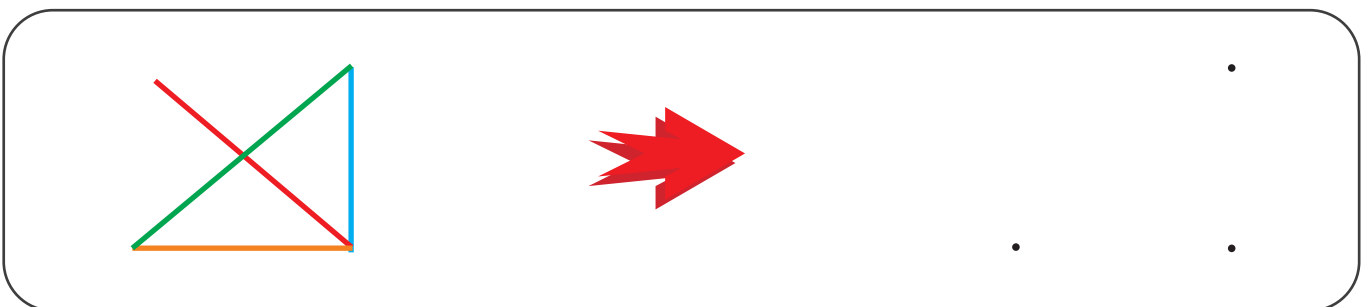

A rounded rectangular box containing a pattern on the left and a dotted grid on the right. The pattern is a right-angled triangle with a purple vertical side, a red horizontal base, and an orange diagonal hypotenuse. A green vertical line is drawn inside the triangle. A red arrow points from the pattern to the grid.

A rounded rectangular box containing a pattern on the left and a dotted grid on the right. The pattern is a rectangle with a red top and bottom edge, a blue right edge, and a green left edge. An orange vertical line is drawn inside. A red arrow points from the pattern to the grid.

A rounded rectangular box containing a pattern on the left and a dotted grid on the right. The pattern is a rectangle with a green left edge, a purple right edge, and a red bottom edge. A blue horizontal line is drawn inside. A red arrow points from the pattern to the grid.

A rounded rectangular box containing a pattern on the left and a dotted grid on the right. The pattern is a right-angled triangle with a blue right edge, an orange bottom edge, and a green diagonal hypotenuse. A red diagonal line is drawn across the triangle. A red arrow points from the pattern to the grid.
